

Sawyer County Lakes Forum

Who are we?

- The SCLF is a county-wide organization whose purpose is to promote the environmental protection and preservation of the surface waters in Sawyer County
- We are a non-profit public benefit corporation representing both lake and river organizations and concerned citizens from the general public
- We are concerned with the lakes, rivers, wetlands, shorelands, and their associated wildlife
- SCLF members include both county lake and river associations and individual members

What do we do?

We help our members with problems concerning surface water issues

We publicize local water issues and related zoning issues both in local newspapers and on our website: sawyercounty.lakesforum.org

We help our members to get the information they need to deal with local lake and lake association issues and grant applications.

We maintain a presence at County Zoning meetings, Board of Zoning Appeals meetings, and other county meetings that might affect surface waters.

Our Purpose

to facilitate education, research, and sharing between organizations, individuals, and governmental bodies and the general public of Sawyer County; to maintain and improve Sawyer County's water bodies, environs, and watersheds for now and for future generations, including, but not limited to: aesthetics, water quality, wildlife habitat, fisheries, and recreation. These purposes will be accomplished while respecting the rights of property owners.

What Can You get out of membership?

- Have the opportunity to participate in meetings to meet the needs and interests of our members.
- Get information relating to your concerns as a property owner or an interested member of the public.
- Join with others who believe that protection and preservation of our precious lakes and rivers are an important part of being a concerned citizen.
- Receive assistance in forming your own lake or river association.
